Creative designer with **3+ years** across branding, web, and motion. Now at **Zimran**, building **AI video pipelines that automate and scale paid-social ad production** for Pivex on Facebook/Meta. Also leads product: ran **three 2026 hackathon teams as product manager**, shipping working MVPs in 4–5 days.

EXPERIENCE

Zimran — Pivex 2026 – Present
Creative Designer Astana, KZ

- Built an **AI creative pipeline** that automates UGC and product-demo ad production for Facebook/Meta — from brief to AI actor casting, generation (Seedance, Veo, ZimFrame), editing, and captioning.
- Scaled ad output from one-off edits to **batched creative variations**, feeding more hooks and formats into testing to grow Pivex's marketing performance.
- Localized campaigns for new markets — **Arabic, Japanese, and Chinese** versions with native subtitles, disclaimers, and platform safe-zone layouts.
- Designed reusable Remotion video templates and automated QA gates, reaching **~1.06 generations per delivered clip** and cutting wasted AI credits.

Qamalladin University Dec. 2024 – Jul. 2025
Graphic Designer Almaty, KZ

- **Led a full rebrand**, modernizing the university's visual identity and merchandise across web, print, and social.
- Designed and optimized landing pages, lifting user interaction and project visibility.
- Integrated AI video tools into production, **increasing content-output efficiency by ~30%**.

Astana Hub 2023
Graphic Designer Intern Astana, KZ

- Designed event and brand materials for **Kazakhstan's flagship tech hub**, communicating its mission to a startup audience.
- Produced stakeholder presentations and social graphics that strengthened engagement and brand recognition.

Nobel Fest 2023
Freelance Designer Astana, KZ

- Designed investor presentations and pitch decks that increased project interest among stakeholders.
- Built landing pages and social campaigns, **boosting audience engagement by 30%+**.

HACKATHONS & PRODUCT

Alem.ai Hackathon 2026
Product Manager **Top 10**

- Led a cross-functional team to **ship an LLM-powered startup MVP in 5 days**, owning product direction, scope, and team workflow.

HackNU — Higgsfield Growth Track 2026
Product Manager **Top 10**

- Built *Viral Growth Machine*, a tool tracking anomalies and emerging trends to surface the strongest growth playbook for Higgsfield.

Zimran Business Cup 2026
Product Manager **Top 18**

- Built and pitched a **B2C MVP in 4 days**, defending the product live to a panel of founders.
